# SLUMLORDS LOVE KAMALA HARRIS

THEY'RE COMING OUT OF THE WOODWORK TO BANKROLL HER CAMPAIGN.

The owners of the City's 520 Roach Hotels are standing in line to buy their very own District Attorney. Two of the hotels, the Elm and the Alder made the SF Examiner's Top 10 Worst list.

*Kamala Harris works for the City Attorney who is suing these very same Roach Hotel owners for "evictions by fire," which have destroyed 826 residential rooms in the last 3 years, and for other serious crimes against tenants. Taking their money is illegal because it compromises her ability to hold these slumlords accountable.*

**When she got caught** she returned a token six checks and thought we'd forget the rest.

**She's been caught before.**

- ✓ *In 2003 she was **found guilty** of lying to the voters and breaking campaign finance laws. She got slapped with the largest such fine in San Francisco history.*
- ✓ *She claims she has tried "hundreds of serious cases." In fact, she tried only 2 as a Deputy District Attorney in San Francisco and only 8 during her 10 years in Alameda's District Attorney's Office. Why is she **lying about her record?***
- ✓ *Her close relationship with Da Mayor netted her two state patronage jobs that paid her \$500,000 while she made another half million as Deputy D.A. A notorious no-show, she still denies being **paid to do nothing.***

**Kamala Harris** is too busy breaking laws to enforce laws protecting tenants.

The Tenants Union endorses **Terence Hallinan for District Attorney** — a lifelong supporter of tenants. He brought more cases against bad landlords than any D.A. in SF History.

**Don't forget to vote December 9th. The slumlords won't.**

**CAUGHT  
RED-HANDED!**
